

Machine Embroidery Range Brochure

PR Series

When it comes to powerful, sophisticated embroidery machines, Brother set the standard with their PR-Series single needle, 6-needle and 10-needle embroidery machines.

The Persona PRS100, the Entrepreneur PR655C and new Entrepreneur Pro PR1050X are the result of more than 100 years of Brother innovation and combines the best features of our best-in-class machines.

As we introduce new industry first technology in our sewing machines, our PR series machines evolve to deliver you further advances in professional customisation.

Exclusive automatic needle threading

Simply press the automatic needle threading button and the upper thread will pass through the needle. It couldn't be easier!

Multiple needles

(on 6 and 10 needle models only)

Embroider multi-coloured designs quickly and easily. Automatic colour change allows you to pre-programme the colour sequence for the design. Upper and lower thread trimmers eliminate time-consuming trimming after the embroidery is complete.

ASV LCD touch screen control

The wide angle HD touch screen displays bright, crystal clear images. Adjustable brightness and super fast processing means design edits and previews are shown immediately; all saving you time.

PRS100

The Persona PRS100 is a completely new concept in embroidery. The first single needle embroidery machine with the capability of free motion quilting. For the first time, hobbyists and enthusiasts can buy a machine that combines commercial features and functionality, with easy-to-use technology and advanced levels of customisation.

The PRS100 delivers up to 1000 stitches per minute with zero compromise on quality. The 200 x 200 mm (8" x 8") embroidery area allows you to take on large and complex designs with confidence.

PRS100 Top Features

Droplight Embroidery Positioning Marker	Helps you to achieve perfect needle placement, showing exactly where the needle will drop.
Colour sort editing function	Easily cut down on thread changes by sorting stitch order by colour.
Compact	30% smaller than other home embroidery machines.
Easy to use 7" Colour LCD display	260,000 colour LCD touch screen allows you to mirror, rotate, resize and add multiple lines of text quickly and easily.
Large number of included frames	6 included frames: 200x200mm, 100x100mm and 70x41mm, 50x50mm, 44x38 mm, 33x75mm.
Optional Free Motion Quilting Kit	Convert your embroidery machine into a quilting machine with the ability to add free-motion stippling designs to quilts or create your own free-motion thread drawing designs.
Optional Cap Frame Kit	Embroider your caps effortlessly in the generous 130mm x 60mm area.

PR655C

The Entrepreneur PR655C advanced 6-needle embroidery machine combines easy-to-use features with innovative technology to deliver an affordable yet feature-packed multi-needle machine for profit minded professionals and budding entrepreneurs.

With the same Brother - exclusive features found in earlier Entrepreneur models including a generous 300 x 200mm embroidery area, extensive library of designs and fonts, adjustable embroidery speed plus many other exciting new features that will help make creativity and productivity more seamless than ever before!

PR655C Top Features

Droplight Embroidery Positioning Marker	The LED pointer shows the needle drop position with pinpoint accuracy — critical for embroidery.
Built in library of designs and fonts	25 built-in embroidery designs and 28 size-adjustable embroidery lettering fonts.
6 Needles	Embroider multi-coloured designs quickly and easily. Automatic colour change allows you to pre-programme the colour sequence for the design.
Enhanced Frame Options	Use with Border, Shoe Clamp, Quilt and Round frames.
Powerful on-screen design and editing capabilities	Rotate, mirror image, move, copy, enlarge/reduce, letter spacing, thread density and group/ungroup edit functions.

Entrepreneur Pro PR1050X

Take a closer look at the revolutionary Entrepreneur Pro PR1050X, a highly powerful and efficient 10-needle embroidery machine, but with the ease-of-use and reliability that only Brother can provide. The PR1050X raises the bar within the industry for embroidery enthusiasts and home-based entrepreneurs.

The PR1050X comes equipped with some of the most powerful design and editing capabilities ever built into a multi-needle embroidery machine.

PR1050X Top Features

10 Needles	Impressive 10 colour, 50,000 stitch count designs can be completed 12% faster than 6 needle machines.
Industry-first My Design Center	Enjoy a host of new design capabilities- all without a PC.
Industry-first ScanImation	Scanning frame to scan line art or handwriting and convert into embroidery data.
Advanced threading system	Eyelet threading system allows for consistent tension while the auto threader threads your needle in seconds.
InnovEye 2 Technology with high-speed background scanning	A built in camera above the needle with 5x faster scanning than prior models. Now available for use with optional Cap and Cylinder Frames.
Powerful on-screen design editing	Use Virtual Design Preview to superimpose your design on your project without scanning and enjoy the flexibility of editing as you go.

Accessories for PR Range

Shoe clamp frame*

Ideal for the sides of a shoe or shoe tongue, these frames are designed with exceptional grip strength to hold the items in place during embroidering.

Flat frame*

Jackets and other thicker materials are easily embroidered on the flat frame which measures 300mm x 200mm.

Cylinder frame set

Embroider virtually anything that's cylindrical and normally difficult to sew. Cylinder frame 90mm wide x 80mm high. Material should have a minimum of 100mm open diameter.

Frame Sets

1. Compact frame set*
2. Clamp frame
3. Sleeve frame*

Wide Angle Cap frame†

The wide angle cap frame enables you to embroider popular cap styles quickly and easily. Embroidery area 360mm wide x 60mm high.

Jumbo frame 360 x 360mm†

Simply embroider the first half of the design and turn the hoop 180 degrees. The camera sensor system will position the frame ready to embroider the 2nd half of the design.

Round frame kit*

The round frame kit includes 3 round frames:

- Small 100mm
- Medium 130mm
- Large 160mm

Border frame 300 x 100mm*

Embroider beautiful continuous designs and borders. Ideal for a wide range of projects from fashion to furnishings. Quilt frame 200 x 200mm also available.

PE-DESIGN 10 and PE-DESIGN PLUS2

Extend your creativity and open up a world of embroidery with enhanced software. Wide Variety of Digitising Functions such as Photo Stitch, Easy User Interface, USB-sized Security Device and compatible with ScanNCut.

Machine Stand

A height adjustable mobile stand is available to securely hold your selected PR machine. Also provides ample storage for accessories and threads.
