SL170

Simple *beginnings*

Keep it simple as you get started. The easy-to-use Simplicity® by Brother SL170 sewing machine comes with a range of handy accessories, an instructional DVD and a Learn to Sew Simplicity® pattern. It's the perfect beginning as you start your sewing journey.

- Choose from 17 stitches including a 4-step auto buttonhole
- Sew cuffs and sleeves easily with the free arm
- Wind bobbins with the press of a lever then load them simply.
- Work smarter, the brightly lit LED work area reduces eye strain when sewing dark fabrics
- Create virtually invisible hems with the blind hemstitch.
- Watch the Instructional DVD to know your machine quicker.

Comes with this Simplicity® pattern (in box):

SL300

More *experience*

As your experience grows, you'll need a machine that's built for more. The hardworking Simplicity® by Brother SL300 sewing machine comes with an enhanced range of accessories, an instructional DVD and an Easy to Sew Simplicity® pattern. It's ideal as you sew more.

- Choose from 27 stitches including decorative stitches
- Make buttonholes in one easy step
- Save time with the automatic needle threader
- Sew cuffs and sleeves easily with the free arm
- Drop in a full bobbin and you're ready to sew
- Work smarter, the brightly lit LED work area reduces eye strain when sewing dark fabrics
- Watch the Instructional DVD to know your machine quicker.

Comes with this Simplicity® pattern (in box):

SL500 Modern *features*

When your sewing projects call for versatility, modern features and superior stitching, the SL500 delivers. A computerised sewing machine, the Simplicity® by Brother SL500 comes with a large range of accessories and an Amazing Fit Simplicity® pattern. Get ready to achieve any sewing challenge.

Comes with this Simplicity® pattern (in box):

- Choose from 40 stitches including 5 one-step buttonhole styles
- Confidently sew more fabrics, like sheer silks and denim, the extra teeth in the seven point feed dogs give you smoother fabric management and superior stitching
- See your stitch settings at a glance on the LCD display
- Get set-up quicker with the FAST bobbin winding feature and easy drop in and sew bobbin system
- Save time with one-step needle threader
- Work smarter, the brightly lit LED work area reduces eye strain when sewing dark fabrics
